Geneva, March 15th, 2019

Dear Friends,

This year's conference is turning expression of hope and narrative into **thematic actions and reality** through a carefully **selected expert** panel who will share their **experience and expertise** on how they **interact concretely with SDG's**.

We have taken both a **bottom-up and a top-down** approach to detail the **strategic and practical tools** to design **pragmatic global impact investment strategies** taking into consideration **both the investee and investor's** perspective.

- ✓ Which **model is most effective** and most likely to appeal to **family offices and institutional investors**?
- ✓ How can we **take into account externalities** when profiling an impact investment?
- ✓ How **corporates** best **capture and report SDG commitments** and ESG contribution to **investors**?
- ✓ How to design a **tax and regulatory framework** to strengthen the **impact ecosystem structure** and at what level?
- ✓ The UN is supporting the signature of a **high sea treaty** pre-requisite to SDG 14 to ensure the **protection of the wild wet west**.
- ✓ They are also engaging with **family offices** through UNSIF to support them to **enhance their ESG, impact, and SDG strategies and projects**.
- ✓ A selection of **top-notch impact investment projects aligning with SDGs** will also illustrate **impact investing in action**.

Join our high profile participants, speakers and partners in Geneva next May 16th, 2019 and **participate to the interactive debates**
